BULLETIN

IOWA NUMISMATIC ASSOCIATION

J U L Y
1 9 4 3

At last, a Bulletin after the Waterloo Convention! The new Secretary-Treasurer has had his hands full trying to make a living and pay his income tax, so had no time to devote to editing a Bulletin.

The attendance at the Waterloo Spring Meeting was fine and somewhat larger than expected. Apparently, some of the members have gasoline, for not all of the attendants were from Waterloo. The Editor thumbed a ride with our good friend Clarence Hahn.

We are glad to report Loyd Gettys has recovered and is back in the harness again, both in the business of selling insurance and the hobby of collecting. Loyd was very sick but you can't keep a good man down.

We missed our friend Bill Baker at the Convention but, after all, someone has to run the C. B. & Q.

We also missed Elmer and Betty Laurent. However, we think that Elmer's record for early attendance still stands.

Our good friend and fellow-member, Mr. V. Leon Belt, was nominated by the convention for the office of President of the American Numismatic Association. A letter today from Leon says that he has accepted the nomination for First Vice-President, so let's all get behind this nomination and put Leon across.

The auction was, in some respects, a disappointment. Not from the quality of the material offered, but from the absence of spirited bidding. Many very choice items went at ridiculously low prices. Since these auctions are made up by members, giving others a chance to acquire items which they are willing to part with, we are afraid they will make no offerings in the future, without a promise of better response.

Max Mehl was there and it fell to the lot of Ernest Moore and Paul Campbell to give the Texan a lesson in the ancient and honorable game of guessing.

It was also pleasant to see and chat with Ripstri, Sheldon, Hewitt, Bolender and MacAllister. We missed Saab, Uncle Jim Kelly and others.

The following Officers and Directors were elected:

M. A. Radke	President
Loyd Gettys	1st Vice-Pres.
C. David Pierce	2nd Vice-Pres.
Lester S. Wright	Sec'y - Treas.
D. N. Green	Director
Ernest Moore	Director
Elmer Laurent	Director
Ted Hammer	Director
Burton H. Saxton	Director
V. Leon Belt	Director

The address of the Sec'y - Treas. is:
2944 East 18th Street,
Davenport, Iowa.

Our member B. Max Mehl served another knockout with his Grinnell Sale catalogue. It will form a welcome addition to any numismatic library for the descriptions and illustrations are tops.

The small size of the Bulletin, printed on both sides, is to save paper, which will help the war effort. Purchase of War Savings Bonds and Stamps will also help the war effort and bring back to our midst those twelve members, who are in uniform, and thousands of friends and loved ones, who are in uniform, too.

No publication is complete without a word about "Victory Gardens". Ours is doing fine. Hope that others are at least getting their seed back.

Those in attendance at Waterloo had the pleasure of seeing a 1913 Liberty Head nickel, displayed by Vernon Sheldon. The exhibits were all fine and the showings of the Cedar Valley Stamp Club added much.

Burton H. Saxton is doing a fine job as Editor of the "Numismatist". Well, he got his start as editor of the I. N. A. Bulletin, so who knows where the Secretary may land? (Here's your opening, so pour it on.)

Of course, the Secretary always has to say a few words about membership and dues. Here is the way the books stand:

Members paid 1943 dues	87
Members paid 1942 dues	71
Members paid 1941 dues	38
Members in the Service	12
Honorary Members	2
Memberships pending	<u>1</u>
Total July 4, 1943	211

Now, this means that 87 members are "paying the freight". A dollar bill is easy to mail, so why not send one to the Secretary - Treasurer? If you only owe for the year 1943, the balance can be credited for the year 1944 and if you owe for both 1943 and 1942, it will take care of the whole thing.

Many of our members have acquired a choice lot of proofs, during the past few months, which are, by the way, increasing in value and are also "out for the duration". But Virginia is the finest proof that has ever been added to my cabinet. Hope to have her on display at one of these convention meetings. Ted and Harriette Hammer have also added one very fine male proof to their otherwise fine collections. Let us know as other members add such choice bits to their collections.

If you have not seen the June issue of the National Geographic Magazine, you are missing a treat. It shows all the insignia of the United States armed forces, showing 991 illustrations in color, which is said to be the "first complete color reproduction of all approved insignia with full notes on the designs and symbols".

Had the pleasure of seeing one of the Mexican 50-peso hoarding coins last week. It is a beautiful coin but, to my mind, does not compare with a great many of the United States series of gold coins. Still, it is an interesting piece.

According to the July number of the "Scrapbook", 8,126 unsold coins of the Albany Commemorative Half Dollar issue have been returned to the mint to be melted. Of the 25,013 minted, this will leave 16,887 for collectors.

I. N. A. member, M. A. Powells, writes a very interesting article in the current issue of the "Numismatist". The Chicago Coin Club has an interesting background.

Just a tip to those members who do not have all the means to buy all of the coins that they would like to own, and I am in that group, I have found that a few dollars invested in a numismatic library is a very good way to study the history of those coins. And, also, books increase in value, the same as coins.

Now, a word about the next meeting. A letter from Milt Radke, the other day, said that plans were well under way for the fall meeting. It will be in a new town, so far as I. N. A. is concerned, and sounds good. So do two things at this time; first, set aside the week-end of October 16th and 17th and save a little gasoline for the trip; second, get the material ready for your display, for we will have an unusual chance to advertise. There will be a fall meeting Bulletin to tell you all of the details.

This is the end! It has been a hard job but I have enjoyed it. I do hope that the results are not too bad. A few items will make the work a little lighter and then you can know what the Bulletin will contain.

Now that all of the income tax blanks are filled out, it is time to turn our attention to the Spring Meeting of the Iowa Numismatic Association. Cedar Rapids extended the invitation and the Board of Directors was unanimous in its acceptance. The dates are May 20th and 21st and the meeting place is Hotel Roosevelt.

The Cedar Rapids Coin Club is making great plans for this meeting and has chosen the following to head the various committees:

Registration and Banquet	- Mrs. John Culbreth, 1400 2nd Ave., S. E.
Advertising and Souvenir	- Robert B. Stahl, 1314 2nd Ave., S. E.
Program	- H. I. Walkup, 1057 Center Pt. Road, N. E.
Displays	- Harry E. Winn, 298 35th Street Dr., S. E.
Dealers' Bourse	- A. W. Jerista, Hawkeye Stamp Co., O. R. C. Bldg.
Publicity	- Jas. F. Cowden, 544 Forest Dr., S. E.

One warning — Hotel accommodations are under severe pressure of demand. The Roosevelt will be housing another convention at the same time ours is in progress. The condition applies not only to the headquarters hotel but, also, to all other local major hostelryes. Mr. Kennedy, Manager of Hotel Roosevelt, promises his most ardent co-operation but you had better make your reservations directly to him at least two weeks in advance.

Final details of the program will be announced at a later date but you may be certain of cordial hospitality, two splendid feeds, a red-hot auction, elaborate displays, an interesting meeting, desired companionship — arguments if you want 'em,-- and everything else that goes to make a real I. N. A. convention.

The Secretary is able to report a very satisfactory membership roll. There are now one hundred ninety-nine members on the list of I. N. A. members. That is a pretty good percentage of the coin collectors in Iowa and the bounding states. But there is one fly in the ointment - all have not paid the yearly dues. In fact, this number includes some who have not paid for the last year and some who have not paid for the year before that. Now, this is an unhealthy condition so why not look up that 3¢ letter that was mailed to the entire membership last December and mail your dues now, thus making the hundred and ninety-nine a paid up membership.

Our membership lists show the following in the armed services:

Warren Allen, Muscatine
Richard Albaugh, Ames
G. W. Borschell, Cedar Rapids
Harry Boosel, Chicago
Everett Dietz, Waterloo
Lewis Ferguson, Algona
Lee Hewitt, Chicago

Kenneth Hunt, Waterloo
Carl Kynell, Sioux City
Paul Kagin, Des Moines
J. J. Kasper, Guttenburg
Arthur Kagin, Des Moines
James Malloy, Muscatine
W. E. Ruebush, Waterloo
Stanley Smith, Burlington

Iowa is rapidly becoming the numismatic center of the United States. Some of the officers of A. N. A. live to the West of us and some live to the East of us and some of the officers live with us. We have hopes of entertaining the A. N. A. convention in Iowa on our 100th birthday. All members should be thinking and working towards that event. Where it will be has not been decided but wherever it is in the Tall Corn State, it will be a long-remembered event.

It is with deep regret that we are called upon to publish the names of the following members deceased since our last annual meeting:

82 Ed. M. Lee, Glendale, California
110 C. L. Erickson, Waterloo
253 Mrs. D. N. Green, Fairfield
18 C. E. Briggs, Cedar Rapids

We will miss their faces but I. N. A. is a better organization because of them. Our deepest sympathy goes to their families.

Have you all been taking advantage of the splendid auctions that are being held by various dealers? There is no doubt that this is a golden time to both buy and sell. Sell your duplicates to help out those new collectors, who are just starting, and buy those coins that you have always wanted.

Do you know that some other state beat Iowa last year in the number of books borrowed by A. N. A. members from the library? Next year, let's send Ted Hammer to the convention with the report that Iowa knows a good thing when it is right at home and uses this library more than any one else.

The white cent has passed on and is now numbered with the other coins like the two-cent and three-cent pieces. But, remember that the new cents are made from shell-cases and that some fighting man had that metal in his hand one time. Think of this often and BUY WAR BONDS AND STAMPS.

Did you know that I. N. A. had two honorary members, Well, it has and they are Carl F. Hodek, of Vinton, and Dr. Walter Norem, of Muscatine, who is serving in a hospital somewhere in Iran.

For your information, the standing committees named by President Radke for the year 1943-44 were as follows:

Harry Winn, Cedar Rapids
Marvin O'Connor, Waterloo

DECEMBER

1944

Any attempt to report to the membership; a convention which the writer could not attend, is full of danger. Sorry I could not be there, but I am still trying to get enough money together to pay last year's income tax.

* * *

About seventy members and guests were registered at the Convention headquarters. In these days of restricted travel that is a pretty good record. Sorry the banquet had to be held on Saturday night, but the "help" would not help.

* * *

The exhibits may have been a little under the standard set in the past for I. N. A. Conventions, but the two magnificent frames of \$1.00 to \$100,000 bills of the Secret Service Department made up for a lot of deficiency.

* * *

Paul Campbell was there! Guess Paul must have finished husking the corn he was so busy planting that he could not get to Cedar Rapids in the spring. That was the first Convention Paul had ever missed, too.

* * *

Sorry Leon Belt could not get there. Things are not quite complete without Leon.

* * *

Did you bid at the "C. David Pierce Sale." We all know Dave had some fine material, and hope you got your share.

And we want to express our thanks for the generous prizes contributed by the following dealers:

Numismatic Gallery
Wayte Raymond
Stacks
New Netherlands Coin Company
C. E. Green
Barney Bluestone
Watkins Coin Company
A. E. Bebee
Celina Coin Company
M. H. Bolender
Hollinbeck Stamp & Coin Company
B. Max Mehl
F. A. Saab
J. B. Simon
Lue Riggs

These dealers play a large part in making our Conventions a success. Let's keep them at it by sending our orders to them.

* * *

The following general officers of the A. N. A. were in attendance:

Lewis M. Reagan
Vernon Sheldon
Loyd B. Gettys
Dr. J. Hewitt Judd
Burton H. Saxton
Ted Hammer

Of course these men are all members of the I. N. A., but we appreciate the distances some have to travel and the conditions of travel. Now we know they come because they like our meetings and not because it is officially the "thing to do." By the way, do you know that nine of the thirteen members of the official family of the A. N. A. are members of the I. N. A.

Now Loyd Gettys is going to sell his duplicates. Get in there and bid for it includes some splendid offerings.

* * *

How is the cigarette situation in your town? The Secretary is prepared to receive cigarettes in payment of the 1945 dues which, by the way, are due on January 1st.

* * *

Many thanks to the "Scrapbook" for the fine write-up. This material was not taken from that source.

* * *

Hope to get to the "Heart of America Numismatic Association" in Kansas City during December. Used to belong to that Club.

* * *

From the fine sales to be offered this winter I guess all of the old time collectors are giving up - or maybe they have made enough to retire.

* * *

I. N. A. now has a membership of 194. Of this number 32 have paid no dues since 1942. If it is worth anything at all it ought to be worth 50 cents a year in advance.

* * *

There are more collectors in I. N. A. by the name of Nelson than any other. What is the matter with the Smiths?

* * *

Have you collected your extra specimens of the Sixth War Loan Drive, currently selling at 3/4 and worth more? A brilliant proof can be had for as little as \$18.75. Don't forget the I. N. A. Members who are over there giving them "the works."

Did you ever try to compose a Bulletin in a hotel room without any help? Try it some time, and then send a news item or two to the editor.

* * *

Did you know that A. N. A. is to offer prizes for worthwhile articles published in the monthly? How about some of the students of I. N. A. turning to that very pleasant pastime of passing on to others some of the research they have done in the form of an article.

* * *

I took Virginia to a circus during one of my all too infrequent weekends at home. Who do you think enjoyed it the most?

* * *

We see by "The Numismatist" that Leon Belt has helped organize a coin club in Phoenix, Arizona. Leon has helped organize a lot of clubs, including I. N. A.

* * *

Attention all Club Secretaries! Be sure and read Burton Saxton's editorial comment in the November Numismatist.

* * *

The Davenport meeting netted 5 new members. Welcome!

* * *

Guess this is all. The Officers and Directors wish you all a

MERRY CHRISTMAS

and a New Year full of good collecting.

INFLATION

For the past several years, the press has carried many articles on the evils of inflation and its consequent effects on the life of the Nation. If the past has taught us anything at all, we have learned thru sad experience that the inflation bubble always breaks and someone is left "holding the bag."

It must have occurred to a great number of the "Old Time Collectors" that we are in an inflationary cycle of coin prices at the present time. Unheard of prices prevail, astronomical figures have been reached on a great many items, and, apparently, the end is not yet in sight, but, as the saying goes, "There'll come a day."

Looking backward to the era of the Commemoratives, we seem to again be reaching a parallel situation and it causes one to reflect on the attitude of the many new and possibly embryonic collectors, when the inflationary bubble in coin prices breaks.

The number of collectors has grown very rapidly during the last few years and it is hoped the interest of the newcomers to our ranks will be permanent, but we are fearful of the results of their acquisitions of items at inflated prices and the subsequent deflation which is certain to come. We sincerely hope they will not give up in disgust as so many did, following the debacle of the "Commems".

SECRETARY & PRESIDENT'S PAGE

Lester S. Wright, Secretary of I.N.A., announces we have 186 active members.

A fine meeting of directors and officers at Iowa City in May.

Sorry it was necessary to postpone the annual meeting, but begin to think of the swell time Des Moines is going to show us at the Spring Convention in 1946.

* *

MEMBERS! Please advise the Secretary-Treasurer of the number and size of display cases you may have.

* *

Lloyd B. Gettys, President, is surely planning a GALA event at the A.N.A. Convention to be held in Davenport in 1946. He says--Quote-The Gods being Propitious.

The program surely sounded good to your editor, so I will endeavor to outline it for you as Lloyd gave it to us:

It, of course, will be the Centennial Anniversary of Iowa. It is to be a three day affair. There will be a boat come from St. Louis to take those interested up the "Father of Waters", to Eau Claire, Wisconsin and back.

The dinner he outlined surely sounded grand, BUT, who's going to cook it????
LLOYD?!

Mr. Gettys also suggested that any city not now having a coin club should contact the Officers of the I.N.A., if they wish assistance in forming one.

* *

STUART MOSHER, Editor of the Numismatist, deserves a great big hand for the following note:

Congratulations to the I.N.A., on its progressive spirit, for the fine work it has accomplished and for the way it has continually given help and encouragement to the editor of the Numismatist. Send me a copy of the Bulletin as soon as it is out and advise me if I can invite members of the A.N.A. to write for a copy.

THANKS very much, Mr. Mosher, and I'm sure the I.N.A. would welcome your suggestion.

A penny, the smallest value coin we have, will hide the biggest star in the Universe--if you hold it close enough to your eye.

In the year 1907, the United States Mint coined eagles and double eagles which were thicker in the center than at the rim, with the result they would not stack. They had to be withdrawn.

WORTHWHILE INFORMATION

by
C. Lou Snyder

Paper used for United States currency is 50% linen and 50% cotton. Both linen and cotton are cellulose. Cellulose contains carbon, hydrogen and oxygen. When this paper gets heated in a limited quantity of air (like a tin box or safety deposit box) insufficient for complete combustion, it generates an inflammable gas because it takes, from the paper, the hydrogen and oxygen, leaving black carbon in its original shape (the shape of the note) called "Char".

It is then but a wafer, coated with the pigments of the ink. If the notes are in a roll, do not attempt to straighten them out. If in a purse, wallet, can or cigarette case, the notes should be left in the container and immediately forwarded to the Currency Redemption Division, Treasury of the United States, Washington, D. C. where they will be treated and the value of same will be remitted to you.

Do not store *paper money in a cedar chest, for it will be ruined.

LETTERS OF INTEREST

The following letter was received by our Secretary, Lester Wright:

Tel.No.Rainham 81327

A.E.C.Gleadle

Responsible Teacher

Rainham Evening School

Orchard Street

Rainham, Kent

England, 8th Feb. '45

Dear Sir:

I hope you will forgive the liberty in introducing myself, but I thought that perhaps your Society would like to receive a note on the proceedings of the Medway Towns Numismatic Society, Kent, England. Our Society's name appeared for a short time in the list of affiliations to the A.N.A., but it looks as though we have to postpone our membership until after the War as we are not allowed to send the membership fees out of the country. We all feel it is all to the good, that Numiatists of both countries should exchange ideas and information, and, if possible, even visit each other. I myself look forward immensely to visiting your great country and meeting some of my fellow enthusiasts.

You have, in the United States, far more local Numismatic Societies than we have in England. I was agreeably amazed to read so many reports of meetings in the Journal we received for a

few months, "The NUMISMATIST". Our own society for Rochester, Chatham and Gillingham (called, for brevity's sake, the Medway Towns) is something of a rarity, where you have dozens of such societies. We have about 25 members, a few of whom attend our meetings but rarely. I should think an average attendance at our meetings would be about fifteen or eighteen.

When the Society was formed about two years ago, it was found there were six members who were fairly well versed in Numismatics and who had been working on the subject from many different angles for many years. Thus, we had an expert on Roman Coins, one on English, one on Medals, another on Seals, Tokens, etc., and so on. But the bulk of the members were quite newcomers to the subject, most anxious to learn, but little able to help by reading papers, so most of the work fell on the shoulders of the aforementioned six. We gave talks on Elizabethan and Georgian silver, elementary talks on Roman coins and so on until everybody had started on one line or another.

It amuses me sometimes to think that a talk on Medals that I gave led one member to start collecting the rather rare and very desirable Naval General Service Medal for the Napoleonic Wars. He is our expert on Greek silver, so you see what a contrast there is between the two sides of the collection.

Another member traced the history of the horse in the quadriga on Greek coins down to the adoption of the White Horse as the country emblem of Kent!

After that, I came to believe that anybody, given sufficient time and reference books, could trace anything in heraldry. The same member lately has come out very strong on the interpretation of Runic inscriptions. We have, however, to remember that talks such as these are far too advanced for the beginners and so about once in three months, we have no formal talk. Instead we have exhibitions of coins and medals with descriptions where necessary and by this means bring along the beginner, whose chief coin may be something fairly modern and which he might be too shy to produce otherwise.

Should any of your members be serving over here, we should be very glad to offer them hospitality.

One other point, I notice how many dealers in coins advertise in the A.N.A. "Numismatist". There are, in London, but three dealers of note--Baldwins, Spinks and Leaby. I also notice many dealers seem to specialize in more modern coins. I wonder if you will be so good as to explain what is meant by coins advertised by roll.

We, in the Medway Towns Society,

will be very glad to hear from your Society, either from yourself or other members.

With good wishes to yourself and fellow members, I am

Mr. Roy Jackman, 1919 K St., SW, Cedar Rapids, would like to know a little bit about the series 1935-A dollar bills, which have the red letters R. & S. just to the right of the seal.

The only information that I was able to gather on this is as follows:

The paper shortage brought on an experiment by the Government. The "S" means Special paper that was used for making the bill and the letter "R" means the Regular paper used. I don't believe that the figures have been released as to the outcome. If anyone has further information on this, I'll be glad to publish it in the next bulletin.

H. F. Cassel, Fairfield, Ia., asks "Where is all the Foreign Gold which is being offered for sale coming from", also he wishes that a more complete description could be given as to size.

During War times, of course, all prices fluctuate and this is true of coins. Now is a good time to sell all gold and collectors have decided the same; therefore, they are liquidating their foreign collections. If interested in Foreign Gold, I would suggest ordering on approval.

PERSONALS AND NEWS

A card from A. E. Watson, 2690 Elm Ave., Long Beach, Calif., states he misses not being able to attend the INA Conventions. Says he hopes to attend the convention in Des Moines next year and says "hello" to all his fellow collectors.

**

One of the best liked persons among fellow collectors, is James H. Wyman. He states he was very much impressed with the idea of cards being sent to keep in touch with INA members. He not only is an INA member but a standby in the Des Moines Coin Club.

**

Ted and Harriette Hammer wish to announce to all their friends they have moved to Marinette, Wis. Oh, yes!! Ted took the ANA books (library) with him. Anyone wishing to borrow books on any form of Numismatics may do so by writing to Ted--2800 Parkridge Avenue, Marinette, Wisconsin.

---Lots of luck and happiness to you in your new home Ted and Harriette---

**

Des Moines will have the honor of being host to A. Kosoff (Numismatic Gallery, N.Y.), on his way to the west coast. He has promised to stop over with us for a while.

Joseph B. and Morton M. Stack, of Stacks, were both honored with a "Fellowship in Royal Numismatic Society of England".

The INA add their CONGRATULATIONS. This is a Fine honor.

**

A letter to the Editor entitled "Echoes from Windy Hollow" proved to be full of news. The writer is I. W. Pospishil of Cedar Rapids.

"Seems as if the weather in Cedar Rapids has been so bad it has put a crimp in coin collecting", but Mr. Pospishil goes on to assure us that with better weather sure to come, the old coin enthusiasm will come to life again.

Mr. Pospishil, 1117 8th St., SE, Cedar Rapids, is still picking up old Civil War and Broken Bank Folding money.

**

Ray Harmon, President of the Cedar Rapids Club was pleasantly surprised on his birthday by the girls in his department at a War plant. They presented him with a large basket of fruit and several choruses of the birthday song.

How many years, Ray??

**

Mrs. Dietz, mother of Everett, writes she expects him home in July. We sincerely hope he gets there too.

**

Dr. Walter Norem of Platteville, Wisconsin, is now Capt. Walter Norem, Marine Corp, U.S.A., 68th Field Hospital in the Pacific, according to word received from his wife.

**

Card from George N. Suss, 334 Ninth Street, Silvis, Illinois, states the following and we think he is doing a lot more than his share.

Son Leo in Infantry, in fox holes in Germany on VE Day.

Son Charles on fighter planes stationed out of London, England.

Son Kimmie, stationed at Stilwell, Michigan.

Son Irving, stationed at Fredrick, Oklahoma.

Sister Clara, somewhere in the Philippines.

The old man working like H... to buy WAR BONDS!

What member has a more fighting family??

"Fergy", who recently was here in Iowa for a 45 day leave, was looking as well as he did when he lived here. He said he missed the good old Iowa snow, but after shovelling quite a few inches off several sidewalks when he was here, he wonders just how much he really did miss it.

BY-LAWS
of
THE IOWA NUMISMATIC ASSOCIATION

ARTICLE I
Scope of the By-Laws

It is intended that all powers of the Iowa Numismatic Association, conferred upon it by virtue of its incorporation shall be executed in accordance with the provisions of these by-laws; and that admission to membership in the Association, the right and obligation of members and the tenure of membership shall be subjected to and dependent upon the provisions herein and the exercise of the authority herein conferred.

ARTICLE II
Membership

Section 1. Qualifications. Any person of good moral character having attained the age of 18 years and being interested in Numismatics may become a member of the Iowa Numismatic Association, subject to the provisions of the article.

Section 2. Application for Membership. Application for membership in the Association shall be made to the Sect'y-Treas. in writing and in such form and under such conditions as the Board of Directors shall from time to time prescribe.

Section 3. Annual Dues. The amount of the dues shall be fixed by the Board of Directors and shall be due on Jan.1st of each year and considered delinquent if not paid on or before May 1st. The membership year shall coincide with the calendar year. Members admitted during the first six months of the year shall pay full annual dues, but those admitted during the last six months of the year shall pay only one-half of the annual rate for the remainder of such year.

Application for membership shall be accompanied by advance payment of dues the amount of which shall be in conformity with the provisions of the foregoing paragraph. Should any application be declined, such payment shall be promptly returned to the applicant by the Secretary-Treasurer.

Section 4. Good Standing. A member in "good standing" within the meaning of the term as used herein is one who is not delinquent in the payment of dues or of any other indebtedness to the Ass'n., and against whom no charges have been preferred and sustained; provided that, if such charges have been sustained and the penalty of suspension as hereinafter provided shall have been exacted, such member shall be regarded as having been restored to good standing.

Section 5. Delinquent Dues and Other

Indebtedness. In event a member's dues shall become delinquent and are not paid within 30 days thereafter, the Sect'y-Treas. shall notify the Board of Directors who may then declare such membership terminated forthwith.

Similar action may be taken in the case of other indebtedness to the Association, the due date of which, in the absence of other provisions, shall be fixed by the Board of Directors; but such termination of membership shall not affect the validity of the claim for the amount due.

Section 6. Resignations. If a member wishes to resign, he shall submit his resignation to the Sect'y-Treas., and the same shall become effective as of the date received provided such member is in good standing and no charges are pending or are preferred within 30 days thereafter; otherwise, termination of membership shall be governed by such provisions of Sections 5 and 9 of this article as may apply thereto.

Section 7. Reinstatement. A former member may make application for reinstatement at any time within two years from date of termination of his membership. All applications for reinstatement shall be subject to the approval of the Board of Directors and

the payment of dues for the current membership year, and of any existing indebtedness to the Association.

Section 8. Honorary Members. No dues shall be charged honorary members elected in accordance with the provisions of Section 2 of Article III of the Constitution.

Section 9. Grievances. (a) Charges: Any member in good standing may prefer charges of conduct unbecoming a member against any other member, but such charges must be supported by evidence which, in the opinion of the Board of Directors to whom the case shall be submitted, justifies investigation; otherwise they may dismiss the complaint. All charges must be written and be specific in their terms.

(b) Hearing: Upon receipt of such written charges, the Board shall cause to be sent a copy of the same to the accused by Registered Mail, to his last known address, with notice as to the place and date of a hearing which shall be held not less than 15 days subsequent to the date of such notice. The accused may appear in person or be represented by council, or may make his answer by written communication. Both the accused and the member who filed the charges may call in witnesses. Should the accused, after receiving said notice ignore

the charges, making no answer whatsoever, the Board may never-the-less consider the case on its merits from the evidence submitted and render such verdict as seems to it justified.

(c) Penalties: If, in the judgment of the Board the charges have been sustained, they may penalize the accused by suspension for a period by them determined or by expulsion, giving him written notice of their decision promptly thereafter.

(d) Appeal: A member found guilty as charged may, at any time within 15 days thereafter, file with the Board a written notice of appeal, which with full information of the charges, evidence and answer shall be presented for final decision to the membership in attendance at the next regular meeting of the Association. A majority vote of not less than two-thirds shall be necessary to sustain the decision of the Board.

(e) A full and complete record of the charges, evidence, answer, decision of the Board and appeal, if any, shall be made and preserved by the Secretary-Treasurer.

No resignation by a member while under such charges shall be considered. In the absence of appeal, the verdict of the board shall be considered

as final, and binding upon all parties of interest.

ARTICLE III

Meetings

Section 1. The meetings of the Association shall be regular and Special.

(a) Regular meetings shall be held in May and October of each year, on such days and at such places as may be selected by the Board of Directors.

(b) Special meetings may be called by the President or Board of Directors upon giving each member not less than two weeks written notice, mailed to his last known address, stating the date, place and purpose of such meeting. No business shall be transacted other than that specified in such notice.

Section 2. Quorum. A quorum necessary for any and all business of the Association shall consist of not less than five members in good standing, who are residents of at least three different counties.

Section 3. Who may Vote. Only members in good standing, as defined in Section 4 of Article II, shall be entitled to vote.

Section 4. Reports. All reports of officers and committees presented at any meeting of the Association shall be in writing and later filed with the Secretary-Treasurer.

Section 5. Order of Business. The order of the regular meetings shall be as follows:

1. Call to order.
2. Reading of minutes of last regular and all intervening special meetings.
3. Reports of Officers
4. Reports of Committees.
5. Communications.
6. Unfinished Business
7. New Business
8. Election of Officers (May Meeting)

Section 6. All parliamentary questions shall be decided according to Roberts Rules of Order.

ARTICLE IV

Officers, Directors and Committees

Section 1. Officers. The officers of the Association shall be elective and appointive.

(a) The elective for the President, the First Vice President, a Second Vice President and a Secretary-

Treasurer. Such Officers shall be elected at the meeting in May and shall serve for one year or until their successors are elected and qualified. No elective Officer shall succeed himself to the same office more than once, except that this limitation shall not apply to the Secretary-Treasurer. A majority vote shall be sufficient to elect.

(b) The Appointive Officer shall be Librarian-Curator to be appointed by the President with the approval of the Board of Directors and to serve for one year or until a successor has been appointed.

Section 2. Directors. The Board of Directors shall consist of ten members as follows: The President, the First and Second Vice Presidents, Secretary-Treasurer, the immediate predecessor of the President and five others that shall be elected at the meeting in May--all to serve for one year or until their successors are elected and qualified. A majority vote shall be sufficient to elect.

Section 3. Vacancies. (a) Should a vacancy occur in the office of the President, it shall be filled before the unexpired term by the First Vice President, if available; otherwise by the Second Vice President. If such a vacancy occurs in any office other than

that of the President, it shall be filled for the unexpired term by appointment by the Board of Directors.

(b) In event of a vacancy in any appointive office, or in any committees, the President shall appoint a successor for the unexpired term.

(c) In the event of a vacancy in the Board of Directors, the remaining members may fill such vacancies by appointment for the remainder of the current year.

Section 4. Who are ineligible. A member who is actively engaged exclusively in the business of selling coins and other numismatic items, depending thereon for his livelihood, and any member who may not be in good standing as defined in Section 4 of Article II shall be ineligible for any office. An official found guilty of conduct unbecoming to a member, under the provisions of Section 8 of Article II, shall forfeit his office and the vacancy shall be filled as provided in Section 3 of this Article.

Section 5. Committees. (a) At or closely following the regular meeting held in May of each year, the President shall appoint the following standing committees to serve for one year:

(1) on Membership (limited to 5); (2) On Grievances (limited to 3); (3) on By-Laws; (4) on Resolutions; (5) On Sales; (6) on Publicity. Their duties shall be those usually appertaining to such committees; the Committee on Grievances shall deal only with complaints and disputes, of a nature not serious enough to justify formal charges as set forth in Section 9 of Article II. Decisions of the Committee on Grievances shall be binding on all parties at interest, unless appeal shall be taken to the Board of Directors, whose decision in any given case shall be considered final.

(6) The Board of Directors shall appoint an Auditing Committee prior to the date of the May meeting, with instructions to audit and report on the books and accounts of all Officers whose duties require such records, such reports to cover the twelve months period ending April 30th of the same year.

We of the I.N.A. wish you all the luck, success and happiness this old world can offer.

TRANSPORTATION TOKENS

If any one has any transportation tokens to sell, contact...

Kenneth Smith A.N.A.#12810

2723 Elliott Ave., So.

Minneapolis, Minnesota

Mr. Smith's prices are more than fair. Space does not allow publishing a list of tokens he desires.

We are sorry to announce the death of George Emery of Independence, Iowa, who recently passed away at his home. He collected both stamps and coins, and had a complete set of U.S. Commemorative half dollars. We understand Mrs. Emery sold the coins and stamps to a collector in Florida.

DID YOU KNOW

Almost 30 million copper cent pieces could be minted from the copper in the Statue of Liberty?

*

The very center of the earth is believed to be composed of a mixture of iron and nickel?

*

American silver coins have milled edges to prevent shaving away bits of the coin, thereby making such tampering with the edges quite observable?

LET'S HAVE AN EXCHANGE

IF the readers of this bulletin are interested in having an exchange corner, please write the editor what you have you would like to sell and what you would like to sell.
